SUMMER 2018 FASHION  
LOOKBOOK

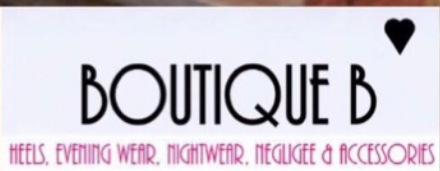

LEGSWORLD.NET and BOUTIQUE B proudly present: B JEANS. The new range of denim featuring the hard wearing strut and classic slut cut, made to withstand the biggest and hardest of cocks.

The B JEANS range has been designed by LADY B to perfectly fit and accentuate the legs, ass, pussy and heels of the perfect slut.

Triple-stitched for tough groping sessions, every pair of B JEANS uses our specially sourced, "cum friendly" denim technology - meaning every cock jerked over them adds to your own unique look.

The full B JEANS range is available in all BOUTIQUE B stores worldwide from Summer 2018.

# DESIGNED WITH COCK IN MIND

We searched high and low to find the very best denim, engineered it in Germany and tested it with huge cocks and gallons of cum to develop our new range of B JEANS.

Whether you're in strappy heels, high boots or barely-there mules, B JEANS provides the perfect fit for the perfect legs and feet.
