EDITORIAL

Hello all and welcome to the September 2018 issue of B MAGAZINE. We've made it six months, six issues and it would not have been possible without your ongoing support, ideas, comments, emails and most importantly your unwavering devotion to Lady B.

I'm very pleased to announce that this month Barbara agreed to answer some questions for us and give us our first interview. I hope that you find it somewhat enlightening. Of course, she is a woman of few words - she lets her feet do the talking - but I promise you that what you will read is 100% Lady B. I asked the questions and she answered them. It really was as simple as that.

I mention it in the interview, but it really has been an honour to work with Lady B these past six months putting this magazine together. I've said it before and I'll say it again - it's a blessing that she has allowed us a window into her world for so long. I'll always be grateful to her for what she has shown me over the years. I trust you feel the same.

B MAGAZINE is a celebration of Lady B and it always will be. It is for her and for you too. Here's to another six months of the magazine and many more years of Barbara.

Thank you Barbara and thank you for reading.

Her legs are raised high into the air, bent at the knees, and she is wearing black high-heeled sandals with thin straps. She is wearing black stockings with a floral pattern near the top. She is holding a leopard-print garment over her chest. She has blonde hair and is looking towards the camera with a slight smile. The background shows a window with sheer curtains.

LADY B

THE B MAGAZINE INTERVIEW

As longtime LEGSWORLD fans will know, The World's #1 Foot and Heel Goddess Lady B has been keeping a low profile for a while now as she divides her time between her homes in Spain and Germany to take care of important personal issues.

As a special treat for B MAGAZINE readers and to celebrate six months since our launch, Goddess B found some time in her hectic schedule to answer a few questions on her life, her high heels and much more. This is the real deal folks, the genuine article. The Heel Queen breaks her silence and in her own words finally addresses her public, exclusively for B MAGAZINE.

Hope you enjoy and here's to another six months. Prost.

LADY B

THE B MAGAZINE INTERVIEW

MM: Hello Lady B! First of all, I want to thank you for doing this interview. I know that your fans are going to really appreciate it. How are you? We know you are busy with family issues right now but are you being well looked after yourself?

LADY B: I'm well and everything is OK. Every morning I go into the pool and the sun is shining every day here in Spain. Except today, we had a little thunderstorm with rain.

It's good to know that you are well. I have to cut to the chase and ask the million dollar question everyone wants to know the answer to... Will you ever return to regular updates on Legsworld? Can you give us a rough idea when that will be? Months? Years?

I can't answer that before I am

free again. But I think I will.

Well, you know we are all waiting eagerly for your return. Are you in Spain all year? How often are you back in Germany?

I am sometimes in Germany during the year but I am busy with normal appointments while there.

Sounds like you never stop. You still look great in your most recent updates. What is your fitness regime?

Just walking with the dogs and swimming in the pool.

Are you still stared at by men when you go out?

Yes, often men look behind me, especially when I wear very high heels. Spanish men love that.

We all love that! Especially when you're wearing them. How often are you having feet or leg fetish sex these days?

Not so often...

That's a shame. And how is the heel collection? Do you still find the time to buy and wear high heels, stockings etc?

No, not at the moment. Only if I am selling nylons to Legsworld members I will.

We know you love parties and dancing. Do you have any time for that? What music have you been listening to?

No I have no time for that. In the last [few] days I have been listening to much Michael Jackson.

"OFTEN MEN LOOK BEHIND ME, ESPECIALLY WHEN I WEAR VERY HIGH HEELS. SPANISH MEN LOVE THAT."

What do you think of B MAGAZINE so far?

I like the magazine.

That's good. It's an honour to get your approval on it and work with you putting it together each month. OK, I think that's about it. Do you have any final words for your devoted followers out there?

You should all continue to jerk off much sperm on my pictures. I like to know that.

Heel Cleaning

It's party time in Lady B's house - time for you to use your mouth!

EXXXPOSED

She loves showing off her bits, so you can spritz and spritz...

After a hard day, Lady B needs you to suck her ass and pussy through her nylons. Stick your tongue deep into your Goddess. Rub your cock between the cheeks and when you're finished - squirt a load onto those soles. They're asking for it!

It's party time at the bar again.
What do you want to drink?
Champagne or pussy juice?

Slipping off her heels and exposing her tits to the cock, it's not long before this lucky member sprays the business-like B with his cum. You're next! Get busy!
